# WHY BUY JOBE?

*JOBE SPORTS INTERNATIONAL IS THE MOST COMPREHENSIVE WATER SPORTS BRAND IN THE WORLD. JOBE OFFERS A WIDE RANGE OF PRODUCTS MADE BY WATERSPORT PEOPLE FOR WATERSPORT PEOPLE.*

## **POSITIONING**

*Jobe is positioned in a unique way into the market. We expect the best quality from our products and do not settle for less. In addition, we find it important that our products are accessible, both in price and use. One of the characteristics of Jobe's products is the attention to detail. Everything about a Jobe product is an experience. From the moment the customer enters the store, unpacks and uses the product, it all adds up to the customer's experience.*

## **3 YEARS WARRANTY**

*We strive to be the best, our developers work day and night to deliver the highest quality possible for our products. To share this with our consumers, we decided to provide a 3-year warranty on ALL our towables and inflatable sup boards! With this new and unique warranty, we want to show the world how much we trust in our products!*

## **BRANDCODE**

*The brandcode helps you with the understandable question "How to communicate as an internationally acknowledged brand without losing our personal identity, in both our internal as external communication?" The brandcode consists of seven keywords; FUN, ACCESIBLE, ENTHOUSIASTIC, INNOVATIVE, YOUNG, SPECIALIST and INTERNATIONAL. We believe in these seven keywords, that's why the brandcode comes back in our communication, products and trading.*

## **MIX AND MATCH**

*One of the unique things that we offer is the Mix & Match concept. Combinations can be made throughout all of our segments. A wakeboard can be mixed with a vest, a towable with casual clothing or sneakers with a wetsuit. Anything is possible, all combinations are possible! We are the only brand that offers this unique concept and we are proud of it.*

# WHY BUY HERE?

AS A RETAILER, YOU WANT TO ATTRACT AS MANY CONSUMERS AS POSSIBLE.  
BUT WHY DOES A CONSUMER WANT TO BUY IN YOUR SHOP?  
JOBE IS PROVIDING YOU THE SALES TOOLS TO HELP YOU ANSWER THAT QUESTION.

## APPEARANCE

Whether you are selling online or offline, the appearance of the sales outlet is an important factor of success. We believe it is important that our retailers are given the resources to set up the store with the right image. For this we have created an Instore Presence program. With our Instore Presence philosophy, consumers are helped to make a choice. The results have shown that a good instore presence can lead to a significant increase in sales.

## SPECIALIST

In addition to a good instore presence, we find it important that our consumers receive the best advice. That is why we launched the Jobe Academy. The Jobe Academy is a sales tool where retailers are trained to become specialists. The course consists of a theoretical text, product videos by the product developers themselves and is topped off with a quiz. Jobe dealers will get instructions about Jobe products, the Jobe dealer portal and their marketing activities. When a retailer completes the course, the status "Jobe Specialist" will be rewarded.

# WE LOVE WATERSPORTS

*Remember that day, when you first strapped into a pair of bindings, sat down on a tube or paddled out on the water? We do! And it's the reason we wake up every morning and get out of bed with huge smile on our face.*

*To say that we love watersports here at Jobe Sports would be an understatement... We live for watersports! Whether we get out on the water behind the boat, explore nature's waterways on a SUP or land a trick on a wakeboard. Each and every one of us here at Jobe has a passion for watersports which resonates with our crew and the company.*

*With a crew so passionate about watersports, our mission statement won't come as a surprise to you. Our mission statement is: Getting as many people on the water, who can enhance their performance at any level with Jobe products. A Fun mission statement and we're Enthusiastic to get everyone out on the water! How do we do that you ask? We make Innovative products that are Accessible for any level. And being the Young company Jobe Sports is, we always strive to be a Specialist in all our segments on an International scale.*

*So in what segments are we active? Boating is where you can find our roots and is what we're known for. We produce everything for Boating (except the boat itself) like: Towables, ropes, towers and more. You'll never have to say no to a boating customer with a range of Jobe products. But maybe you have an extreme customer, that's where our wakeboard products kick in! We make some of the best wakeboards and bindings out there, which are perfect for every wakeboard fanatic. But nowadays, SUP (Stand Up Paddling) is what it's all about. It's the fastest growing watersport to date and Jobe is on the forefront of this sport. We make high-end SUP boards, paddles and clothing, which will appeal to any customer. But when your customer has the right products, you want to*

*set them up right. That's why we have some innovative neoprene softgoods, which your customer can mix and match. Your customer will always have the best suit when he or she is wearing a Jobe wetsuits!*

*We make sure we have all the knowledge in-house here at Jobe Sports. Our Product Development team guarantees new products which are of the highest quality. And our creative team of Product Design is a team of modern day Da Vinci's, who have an eye for detail. A skilled Purchase team, forecasts product purchases 11 times a year! While working with over 50 suppliers on a daily base. To make sure this is all being communicated well, we have our own marketing team. Who produce great and new content every day, which is then communicated through Social Media and different media partners. While also working intensely with all our Jobe athletes, who fit our brand and who are ambassadors for their sport. The marketing team works closely with our Sales team, who operate in more than a 100 countries! Yeah we know, that's a lot! Can you even name a 100 countries from the top of your head? And as if that wasn't enough, our Sales team has a global network with over 3000 dealers. With so many dealers you need people who can keep things organized, that's where Finance saves the day. The Finance crew processes all the invoices and invests in automation and Joe to make everyone's life easier. Have you met Joe by the way? He is our go to guy when it comes to the ordering process for dealers and is fully automated. Last but definitely not least, there are the guys and girls of our 3750 square meter warehouse, who pick, pack and send out all orders!*

*No matter what you want to do on the water, we got you covered and make sure you'll have a ton of fun while doing so. So put on a wetsuit, get out your wakeboard, sit down on a towable, paddle out on your SUP, meet up with your friends and family and get out on the water and have some fun!*

## FLATLOCK STITCHING TECHNIQUE

FLATLOCK STITCHING IS THE MOST COMMON FORM OF SEAM STITCHING AND BY FAR THE MOST DURABLE. FLATLOCK WORKS BY OVERLAPPING THE NEOPRENE PANELS AND SEWING THEM TOGETHER. THE PROCESS OF FLATLOCK STITCHING ADDS TINY HOLES THROUGH THE NEOPRENE WHICH IN TURN ALLOWS COLD WATER TO ENTER THE SUIT. FOR THAT REASON, FLATLOCK STITCHED WETSUITS ARE NOT DESIGNED FOR REALLY COLD WATER.

## BLINDSTITCH TECHNIQUE

THE EDGES OF THE PANELS ARE PLACED END ON END AND GLUED TOGETHER. THEY ARE THEN STITCHED ON THE INSIDE, BUT THE STITCHING DOES NOT GO ALL THE WAY THROUGH TO THE OUTSIDE OF THE PANELS. RESULT: WATERTIGHT, FLEXIBLE SEAMS. THIS IS THE IDEAL SEAM FOR COLD WATER TEMPERATURES, AND IS THE ONE FOUND ON HIGHER QUALITY, MORE EXPENSIVE WETSUITS.

Despite of what most people think, wetsuits aren't meant to keep you dry. A wetsuit is meant to protect your body and keep you warm during your water sports practices. Choose your wetsuit wisely and take differences in stretch, neoprene-thickness and technical innovations into account. Water temperature and weather circumstances serve as a good starting point. When facing colder waters and heavier weather circumstances go with a full suit or a Steamer. These ranges are engineered with thicker neoprene (starting from 3/2 mm up till 5/3 mm) and the suits are equipped with lots of technical innovations to keep the heat and loose the water – by glued seams for instance. Choose a shorty and/or thinner neoprene when you go and play in pleasant water temperatures: this range starts from 1.5 mm neoprene-thickness and can be recognized by innovations like breathable stitched constructions.

#### JOBE HEAVY DUTY

*The name 'Heavy Duty Series', says it all! These products are made out of heavy duty materials, which make it the most sustainable rental water sports gear out there. It guarantees your water sports organization is able to run at full swing all day long without product failure. The Jobe Heavy Duty products are created with a clear concept in mind. The main colour of the collection is yellow to create uniformity in the collection and to make your rental organization stand out and recognizable. The Jobe Heavy Duty Series is the perfect concept for, for example beach clubs and wake parks.*

## FLATLOCK STITCHING TECHNIQUE

FLATLOCK STITCHING IS THE MOST COMMON FORM OF SEAM STITCHING AND BY FAR THE MOST DURABLE. FLATLOCK WORKS BY OVERLAPPING THE NEOPRENE PANELS AND SEWING THEM TOGETHER. THE PROCESS OF FLATLOCK STITCHING ADDS TINY HOLES THROUGH THE NEOPRENE WHICH IN TURN ALLOWS COLD WATER TO ENTER THE SUIT. FOR THAT REASON, FLATLOCK STITCHED WETSUITS ARE NOT DESIGNED FOR REALLY COLD WATER.
